YOUNG AMERICA TO HELP RAISE BIG CROP

SAYS WOMEN CAN AID U.S. IN HOMES

Commissioner Hartigan Gives Hints on Household Food Management.

NO FEAR OF A SCARCITY

Warns Against Waste and Urges Personal Attention in Buying of Supplies.

Joseph Bartigan, Commissioner of Weathts and Measures, secretary of Mayor Mitchel's food supply committee, has written for The Sun a call to "the schold volunteers" for a great service Which they may perform in war times for country within the confines of their

Mr. Hartigan, who has been a close

Aft. Harrigan, who has been a close student of the food situation for several years and predicted many of the conditions from which the nation is now suffering, says!

The home is as useful a place to serve Uncle Sam as is the battiefield, the farm, the bank, the factory Efficiency in its management will bring benefits to the nation in incalculable amounts. Coeperation now with the great forces that are at work to end the war at the earliest day will hasten the return of normal conditions.

Consult the male members of the household management what professional food buyers are doing in restaurants and hotels. It's beneficial anyway to acquaint the man of the family with the business end of the home.

"Forewarned is forcarmed." After all, with intensive household management will bring benefits to the man to the American homemaker may turn out to be better prepared to meet are at work to end the war at the earliest day will hasten the return of normal conditions.

Consult the male members of the household man good deal more than you do and experience what professional food buyers are doing in restaurants and hotels. It's beneficial anyway to acquaint the man of the family with the business end of the home.

"Forewarned is forcarmed." After all, with intensive household management will bring benefits to the man of the family with the business end of the home.

"Forewarned is forcarmed." After all, with intensive household management are at work to end the war at the earliest day will hasten the return of normal conditions, if put into operation of the house.

The house is as useful a place to serve than you do and the family with the business end of the family with the business end of the home.

"Forewarned is forcarmed." After all, with intensive household management are at work to end the war at the earliest day will hasten the return of normal conditions, if put into operation of the house.

The house is as useful and seventy-fourth brithded in the professional food buyers are doing in restaurants and hotels. It

"War chastens a nation. It acts as a tonic upon the body politic. It stimulates latent energy in throwing off the non-essentials. It prepares and fortifies against the day of stern necessity. Economy of a practical sort in the household.

Calls for as much or more bravery as a proper security or certain articles will not be fell. As a people we bid fair to come out of this war, no matter when it terminates a security or certain articles will not be fell. calls for as much or more bravery as minates as sound and healthy, if not more enlistment for the fighting forces. Com-mon sense return to first principles of living awakens the spirit of service in the home and puts every member of the family in a state form ind conducive to

don is the time to start to mobilize the affairs of the wousehold. Don't wait for your neighbor to start, don't expect the Government to do everything for you Its power will be exerted in your behalf in the increased transportation, distribu-tion and fixing of food prices. Your share in food preparedness is infinitely. SPECULATORS ARE BUSY. more important in the uses to which

Hint to Food Buyers.

"The buyers and consumers of food-Stuffs can perform as patriotic a duty as the man benind the plough and the fight-ing man if cool heads are kept and the hand of Government permitted to adjust the conditions that are before us. "The intelligence and courage of the American household manager promptly make response to the gradual adjustment of the new conditions. The application of the word 'preparedness'

and all that it stands for to the hom

"Volunteers will be called for the army and navy. It may be necessary to invoke the effectiveness of comput-

sory service to increase our armed forces; men and women will serve in the many branches of activit; "While the voluntary spirit is the American spirit, enforced personal ser-vice liability may be found more equita-ble. This should not extend to the home Here the volunteer should be supreme.
